PARK STREET.

## SEVERAL ENCORES.

A Butte Audience Shows That It Can Appreciate a Good Thing.

BUTTE, April 14.—Signor Liberati is certainly the greatest cornetist in the world, at least hundreds of lovers of music who were entranced by his performance at Maguire's opera house to-night will say that. His playing was remarkable and was several times interrupted by applause. After each number he was recalled again and again, and when he performed "Souvenir de la Suisse" even some members of the band who accompanied him dropped their instruments to join the appreciative applause. The great cornetist was most excellently accompanied by the Boston & Montana band, led by Bandmaster Treloar. Besides Liberati the remainder of the concert programme was of rare excellence, in which the famous band under whose auspices the entertainment was given, the Centerville Glee club of 12 members, the Misses Hammond, William George, Professor Howard and Mrs. E. M. Hill took part. The house was crowded and many who were desirous of hearing the great Liberati were unable to gain admittance. The concert was a success in every respect.

## A BIG DEAL.

The Germania Mine Bonded for \$100,000 to Bateman &amp; Grimes.

BUTTE, April 14.—Lee Freudenstein and others, owners of the Germania mine, have given a bond for a deed to that valuable property to Frank Bateman and Frank F. Grimes, the purchase price to be \$100,000, to be paid on or before April 6, 1904. It is understood and agreed between the parties that the bond is made in connection with a lease of the property for the period of one year, and that if at any time within the year Bateman & Grimes sell the mine for \$100,000 or more, then the lease shall be transferable to whomsoever the sale shall be made. It is further agreed that within six months \$10,000 shall be paid as a forfeit and part of the purchase money.

## EFFECT OF BATHING.

Regular Phenomena Observed by Butte Guests at Boulder.

BUTTE, April 14.—Latest advice from Boulder Springs is to the effect that there have been severe earthquake shocks felt in that vicinity during the past few days. The shocks are most frequently experienced late in the evening. The earth is reported to sway terribly about that time. In some cases the phenomena are very pronounced, the plates even rising up and striking the guests on the head. The delegation of Butte guests seems to be more affected by the shocks than others.

At a late hour to-night the rumor concerning the earthquake shocks had not been denied.

## A POOR FLUE.

It Causes a Small Blaze in North Wyoming Street.

BUTTE, April 14.—An alarm from box 12 called the fire department out shortly before 12 o'clock to-night to extinguish a fire in a two-story frame building in North Wyoming street, north of Copper. How the fire originated is not known, but it is supposed to have been caused by a defective flue. Not much damage was done to the building, as the fire was confined to one end, between the roof and ceiling. Two families, named Conley and Quinlan, occupied the house, and suffered considerable loss by damage from water to their household goods. The building belongs to the estate of Terry Collins and is not insured.

## THE SEVENTH DISTRICT.

Typographical Unions Adopt a Constitution and By-Laws.

By far the most important work done by the printers in convention in this city was the adoption yesterday of a constitution, the preamble of which is as follows:

"To establish a method of complete representation, based upon economy and equity; to avoid that imperfect legislation which comes of plans hastily prepared and presented in international conventions; to prepare ourselves for the inevitable revolution which is going on and which will soon take the place of the old methods of typesetting; to institute self-government in a geographical district of printers whose interests are identical throughout and whose methods and wages are similar; and in general to elevate the intellectual character of the craft, the printers of the Seventh district, through delegates assembled at Helena, Mont., do hereby enact the following laws for their government."

The representation is fixed at one delegate for each union in a district of 100 members or less and one additional delegate for each 100 additional members, or fraction thereof; no union to be entitled to more than four delegates. The district convention officers are to be a president, vice president, secretary-treasurer and organizer and these shall make the executive board. No one save delegates are eligible to these offices. It is provided that a newspaper shall be published in the city where the secretary-treasurer resides, which officer is to have full charge and control of the paper. The paper is to be issued once a month and is to contain condensed news of interest to printers and to other organized labor in the district. The secretary-treasurer is to receive a salary of \$150 per year, but the other officers serve without pay.

Resolutions were adopted yesterday recommending that a separate district be

made out of Montana, Idaho, Utah and Wyoming, and denouncing the system of representation in vogue in the International Union as unjust and inequitable inasmuch as a large number of the smaller unions are not represented at the annual meetings and endorsing the district plan of representation. —*Helena Herald.*

## THE ORPHANS' HOME.

Site Selected and Construction Work to Begin at Once.

The board of trustees for the Orphans' home, consisting of Hon. R. O. Hickman, James M. Page, Pat Carney and John R. Comfort, met at Twin Bridges last week and selected the site for the home. Hon. S. R. Buford, the other member, was not present. The board was organized with the following officers: President, Patrick Carney; secretary, John R. Comfort; treasurer, R. O. Hickman. After organizing the day was spent in viewing sites, but it was Thursday noon before any definite conclusion was reached. There were several good sites offered and these were so nearly applicable that a decision was hard to reach. The one finally selected is just west of the town across the river. It embraces part of Normal addition, land belonging to Messrs. Lott Bros. and land of John Wilhite. Ten acres were donated and an option secured on 30 acres at \$50 per acre. The land lies between the Union Pacific railroad bed and the river, with the latter forming the east boundary. The site is said to be a beautiful one.

President Carney says that work on the buildings and grounds will begin at once. Treasurer Hickman was instructed to confer with architects in Helena and elsewhere for plans. The attorney general has decided that as the appropriation was creative in character the money could be drawn at once. The bill provides that warrants can be issued as soon as the board is organized and the site selected. Both these requirements have been complied with. Members of the board have endeavored to get a conservative estimate of the number of orphans in the state, and the number is about 375. An estimate of \$10 per person each month is considered a fair allowance for the maintenance of the inmates. This will require an annual appropriation of from \$45,000 to \$50,000, aside from other necessary expenses. The present fund is small, but no discrimination can be made and the funds must come. —*Helena Herald.*

## WILL FIGHT A DUEL.

A Prince and a Count Will Meet in Marital Combat.

Prince Arthur Odesalechi, imperial and royal chamberlain, retired captain of infantry in the Austro-Hungarian, and knight of the Maltese order, has challenged Count Bethlen to fight a pistol duel.

The events preceding the challenge constitute the most remarkable scandals of recent years in Hungarian high life. Prince Odesalechi is living with his third wife, the Countess Zich Zu Zichy, who is many years his junior. Before she became acquainted with Count Bethlen, her married life was happy. Bethlen was her husband's best friend. He was invited last week to Odesalechi castle, near Aranyos, to attend a ball and hunting party. He prolonged his sojourn after the festivities, and finally decided to remain at the castle to protect the princess, while her husband was absent on a business trip to this city. Prince Odesalechi left for Buda Pesth, then became suspicious of Bethlen and returned to his castle at midnight, but seven hours after his departure. He found Count Bethlen and his wife together in her bedroom. He at once rejected the count and subsequently challenged him.

Count Bethlen contends that Prince Odesalechi allowed him to be robbed of some highly valued papers during his sojourn at the castle. It is expected that the whole scandal will be exposed either in a suit for divorce or in a civil suit by Count Bethlen to recover the papers which he alleges that he lost.

## MORE INVESTIGATIONS.

It Is the New York Customs House This Time.

New York, April 14.—A revival of the agitation of the customs house scandal and the fraud in the appraiser's stores at this port has caused considerable excitement among the employees, and denials are numerous. Interest in the matter was further heightened to-day by the statement of Colonel Tichenor, president of the board of general appraisers, in a written letter to Secretary Carlisle, asking that a commission be at once appointed to make a thorough investigation of all charges and to punish each and every person found guilty of malfeasance in office.

## TO CLOSE THE DEBATE.

Gladstone Expresses a Desire to Chop Off the Tail.

LONDON, April 14.—In the commons to-day, upon the resumption of the debate on the second reading of the home rule bill, Campbell and Henry Bannerman, secretary of war, gave the particulars of the plans for preserving internal order in Ireland under a home rule administration. Gladstone intimated his desire to close the debate on the second reading of the bill Tuesday, next. Balfour protested. Home Secretary Asquith delivered an earnest address in behalf of the bill.

Jewelry repairing and manufacturing in all its branches at Lays, the Jeweler, Owsley block.

## A REIGN OF TERROR.

Striking Belgians Create Disorder in Brussels.

BRUSSELS, April 14.—The police made an attempt this evening to disperse the enormous crowd outside of People's hall. The crowd resisted stubbornly and many workmen were wounded. Great crowds afterwards gathered in various parts of the city. Tradesmen became panic-stricken and closed their shops. Mounted gendarmes made repeated charges on the crowds. Many persons were injured. The mob in Rue Violette extinguished the lamps and attacked the police in the dark. A number of shots were discharged and some blood was shed. Several newspapers were compelled to suspend publication because their compositors joined the mob. Most theaters are closed. The entire civic guard has been ordered under arms and regular troops are confined to their barracks in readiness for any emergency. A feeling of dread prevails everywhere. Reports of disorder continue coming. A very bitter battle was fought in Louvain to-day. The gendarmes became powerless to cope with the strikers and the authorities had to call on the troops to preserve order. A dispatch received from Liege this evening says the strike there is ended and all the mines are fully manned.

## BLIGHTED LOVE.

A Kentucky Member of the Demi Monde Commits Murder and Suicide.

LOUISVILLE, Ky., April 14.—W. Irving Gilles, a well known young Louisville man of a prominent family, and a member of the demi monde, known as Mamie Wilson, were found dead in bed this afternoon in a room on the second floor of Fish's lodging house. Unmistakable evidence point to the fact that Gilles was dosed with morphine in whiskey by the woman, who afterward ended her own life by taking a similar dose. On a piece of paper found in the room was a number of disconnected sentences written by the woman, saying that she gave Gilles morphine because he was going to leave her.

## BOTH F.R.M.

The Santa Fe Strike Has Every Appearance of Being a Long One.

TOPEKA, Kas., April 14.—There is little change to-day in the Santa Fe strike situation. The strikers are firm and expect to win, and the railroad officials are apparently at their ease and adhere to the declaration that none of the old men who are now out shall return to work.

## Not Good Brick.

BUTTE, April 14.—Acting Mayor Pascoe has rejected the first consignment of brick from the Garrison Fire Clay Brick and Tile company of Anaconda, to the library building in this city. The brick are pronounced to be of an inferior quality to what was represented, and Mr. Pascoe says the contract will be annulled unless the company furnishes the brick it agreed to.

## A Harmonious Election.

CHICAGO, April 14.—At the annual election of the world's fair directors to-day all the old officers were reelected without a dissenting vote.

Bargains in silverware during Lays' the jeweler's, removal sale. Owsley block.

Wanted.—First class barber, at the Montana hotel barber shop, Anaconda.

Fresh ranch eggs, creamery butter and home-made bread at Dan Tewey's new Southern hotel, Meala 25 cents.

C. S. dispensary and reading room at 114 South California avenue, Butte, Mont.

Which is the Short Line to Chicago?—The Northern Pacific is 119 miles shorter to St. Paul, Chicago and all eastern points than any other line. Train No. 8 leaves Butte at 12:15 P.M., arrives at St. Paul at 12:15 noon, on the second day, and at Chicago at 6:45 a. m. on the third morning, making close connection with the fast trains for all Eastern, Canadian and Southern points. If you are contemplating a trip to St. Paul, Chicago, St. Louis, Cincinnati, Boston, New York or any Eastern city, before selecting your route, compare the time of departure and arrival of the above train with other schedules and remember that the Northern Pacific is the only line running through to Chicago without change.

W. M. LUCHY, Gen'l Agt., 26 East Broadway, Butte.

Ought to be smaller—the great, gripping, old-fashioned, perfectly harmless, and easy to take. Only one little Pellet for a laxative—three for a cathartic. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach, and Bowels are promptly relieved and permanently cured. They're the cheapest pills you can buy, for they're guaranteed to give satisfaction, or your money is returned. You pay only for the good you get. It's a plan peculiar to Dr. Pierce's medicine.

enough, to do more good. That's just what Dr. Pierce's Pleasant Pellets do.—more good. Instead of weakening the system, they renovate it; instead of upsetting, they cleanse and regulate it—mildly, gently, and naturally. They're the original Little Liver Pills—the smallest but most effective, purely vegetable, perfectly harmless, and easy to take. Only one little Pellet for a laxative—three for a cathartic. ## WHY SUFFER WITH YOUR FEET

When you can have your

CORN, BUNIONS AND INGROWING NAILS

Cured at a moderate cost by

R. C. SMITH &amp; WIFE.

Practical Foot Specialists, who treat the feet by a new process.

Without a Knife.

More than 500 of the very best people in Butte testify to the high professional skill of R. C. SMITH, the Montana chiropodist. R. C. Smith has opened a handsome parlor in the old Owsley building, with ladies' and gentlemen's departments. He has located in Butte and will make Montana his permanent home. His practice is constantly increasing, and hundreds of his patients recommend him. He is neither a quack nor a humbug, but a qualified practitioner in a very useful line. He has secured the agency for

## THE BEST SHOE ON EARTH.

For the benefit of his patrons.

We are aware that there are hundreds of men and women who are suffering with their feet and think they cannot be cured because some so-called chiropodist has been operating on them without a cure. To all such I would say, come and see us. A friendly talk will cost you nothing, and we will convince you that your feet can be permanently cured.

Every Wednesday from 9 o'clock a. m. to 1 p. m. I will treat the poor free of charge. A postcard mailed to my office will insure an immediate call at your residence. Telephone 277.

Office Hours from 10 a. m. to 9 p. m. every day except Saturday.

# SHERMAN THE UNDERTAKER

## 125 E. PARK ST.
